

COLD-ROLLED AND HOT-ROLLED SHEETS

Technical Sheet – Theoretical Weight per Unit
available in various thicknesses and grades

		COLD-ROLLED	HOT-ROLLED	
THICKNESS		1,500 X 3,000	1,245 x 3,000	1,500 x 3,000
CALIBER N°	mm.			
T H I N	N° 18	1.25	44.16	
	N° 16	1.60	56.52	
	N° 14	2.00	70.65	58.64
	N° 12	2.50	88.31	73.30
T H I C K	1/8"	3.20		113.04
	5/32"	4.00		141.30
	3/16"	4.75		167.79
	1/4"	6.35		224.31
	5/16"	8.00		282.60
	3/8"	9.50		335.59
	1/2"	12.70		448.63

Applied specific weight: **7.85**

Specifications: IRAM-IAS U 500-05 Standard | IRAM-IAS U 500-231 Standard

Standard widths and lengths available. We offer flattening and custom cutting according to specific requirements. The information provided on this page is for reference only and should not be used as the sole basis for a project. For accurate results, proper measurements should be taken and our technical team consulted. The use of this data is under the sole responsibility of the project designer.
